KUNCHALA CHANDU

DATA ANALYST | SQL ● EXCEL ● POWER BI ● PYTHON

Hyderabad, Telangana, India | +91 8106408866 | kunchalachandu86@gmail.com | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Data Analyst with hands-on experience in SQL, Advanced Excel, Power BI, Tableau, and Python for data cleaning, exploratory analysis, KPI reporting, dashboard development, and business insights. Analyzed a large-scale e-commerce dataset (51K+ order lines across 13 regions, 12.63M in sales) to identify revenue drivers, reduce profit leakage, and deliver actionable recommendations to stakeholders.

TECHNICAL SKILLS

Languages & Databases: SQL (Joins, CTEs, Window Functions, Subqueries), MySQL, Python (Pandas, NumPy, Matplotlib, Seaborn, Scikit-Learn)

Data Visualization & BI: Power BI (DAX, Power Query, Data Modeling, Dashboard Design), Tableau, Business Reporting

Tools & Utilities: Advanced Excel (XLOOKUP/VLOOKUP, Pivot Tables, Data Validation), Git, GitHub, Jupyter Notebook, VS Code

Core Competencies: Data Cleaning, Exploratory Data Analysis (EDA), KPI Analysis, Predictive Modeling, Campaign Analysis, Data Quality Assurance

PROFESSIONAL EXPERIENCE

Data Analyst Intern | Primeor Solutions **Jul 2026 – Aug 2026**

- Analyzed an end-to-end e-commerce dataset of 51,258 order lines, 12.63M in sales and 1.47M in profit across 7 markets and 13 regions using Excel, SQL, and Power BI.
- Built a multi-page Power BI dashboard covering executive performance, sales trends, product performance, customer insights, and profitability KPIs.
- Wrote SQL queries to evaluate product and customer performance, regional revenue, category profitability, and loss-making orders.
- Found that loss-making orders made up 24.5% of total orders and recommended actions on discount governance, seasonal planning, and category management.

Data Entry Operator (Operations Trainee) | FM Logistics Food and Supply Chain Pvt. Ltd. **Dec 2024 – Apr 2025**

- Managed high-volume operational datasets using Excel formulas and Pivot Tables, applying data validation and quality-control checks to ensure accuracy.

KEY PROJECTS

Last-Mile Delivery Profitability & SLA Optimization | SQL, Excel, Power BI

· Analyzed last-mile delivery data to evaluate delivery time, SLA breaches, RTO, COD, delivery cost, customer ratings, and courier/partner performance.
· Built KPI-driven Power BI views to identify operational bottlenecks, cost leakage, and profitability drivers, supporting data-backed delivery and service-level decisions.

Customer Churn Analysis | SQL

· Analyzed customer-level data to identify churn patterns, customer segments, and retention factors using SQL joins, CTEs, and aggregations.
· Applied conditional logic and calculated business KPIs to turn raw customer data into analysis-ready reporting outputs.

Bank Marketing · Term Deposit Subscription Prediction | Python, Scikit-Learn

· Built a Logistic Regression model to predict term-deposit subscriptions, evaluated with precision, recall, accuracy, and confusion-matrix analysis.

Bank Marketing – Term Deposit Subscription Prediction | Python, Scikit-Learn

- Built a Logistic Regression model to predict term-deposit subscriptions, evaluated with precision, recall, accuracy, and confusion-matrix analysis.
- Conducted EDA and campaign-effectiveness analysis to uncover relationships between customer demographics and subscription outcomes.

CERTIFICATIONS

- SQL (Intermediate) Skill Certification – HackerRank (Sep 2026)
- 30 Days Power BI Micro Course (Jul 2026)
- Data Analytics Certification of Excellence & Completion – WhiteScholars Academy (Jul 2026)
- Data Science Certification of Excellence & Completion – WhiteScholars Academy (Jul 2026)

EDUCATION

B.Tech in Computer Science & Engineering | Bharat Institute of Engineering and Technology, Hyderabad **Graduated 2024**
